Criteria Used for this Report

The criteria selected when running this report

Generated: *The date and time that the report was generated.*

Intent: This report is designed to track the percentage of ASQ:SE screenings that are in each score type (Above Cutoff, Monitor, and Well Below) for all the ASQ:SE screenings that fall inside of the reporting window. This is accomplished by displaying the percentage details for each score type and a chart with those percentages.

Criteria Name	Optional?	Description
Start Date	No	This date forms the start of the reporting window that determines what screenings to show. Only ASQ:SE screenings that are after this date will be included in the report.
End Date	No	This date forms the end of the reporting window that determines what screenings to show. Only ASQ:SE screenings that are before this date will be included in the report.
Program(s)	No	A selection of program(s). Only ASQ:SE screenings for children that are enrolled in the selected program(s) will be included.
Classroom(s)	Yes	A selection of classroom(s). If any options are selected for this criteria, then only ASQ:SE screenings that meet the following criteria will be shown: 1. The ASQ:SE must be for a child that has at least one classroom assignment that matches the selected classroom(s). 2. The matching classroom assignment must have an assign date that is before the end date of the report. 3. The matching classroom assignment must not have a leave date **or** have a leave date that is after the start date of the report. If no classroom options are selected, then the report will display ASQ:SE screenings regardless of child classroom assignments. In this case it will also include ASQ:SE screenings for children that do not have any classroom assignments.
