## Criteria Used for this Report

*The criteria selected when running this report*

**Generated:** *The date and time that the report was generated.*

**Intent:** This report is designed to display demographic information for all children that were active between the start and end dates and match the other selected criteria.

**Criteria:**

| Criteria Name | Optional? | Description |
|---|---|---|
| Start Date | No | This date is used to determine what children are shown on the report. Only children that are not currently discharged or that have a discharge date after this date are included in the report. |
| End Date | No | This date is used to determine what children are shown on the report. Only children that have an enrollment date before this date are included in the report. |
| Program(s) | No | A selection of program(s). Only children that are enrolled in the selected program(s) will be included. |
| Classroom(s) | Yes | A selection of classroom(s). If any options are selected for this criteria, then only children that meet the following criteria will be shown:<br>1. The child must have at least one classroom assignment that matches the selected classroom(s).<br>2. The matching classroom assignment must have an assign date that is between the start date and end date of the report.<br>3. The matching classroom assignment must not have a leave date **or** have a leave date that is after the start date of the report.<br><br>If no classroom options are selected, then the report will display children regardless of their classroom assignments. In this case it will also include children that do not have any classroom assignments. |
| Race(s) | Yes | A selection of race(s). If any options are selected for this criteria, then only children that are of the selected race(s) are included in the report. If no race options are selected, then all races are included in the report. |
| Ethnicity(ies) | Yes | A selection of ethnicity(ies). If any options are selected for this criteria, then only children that are of the selected ethnicity(ies) are included in the report. If no ethnicity options are selected, then all ethnicities are included in the report. |

| | | |
|---|---|---|
| Gender(s) | Yes | A selection of gender(s). If any options are selected for this criteria, then only children that are of the selected gender(s) are included in the report. If no gender options are selected, then all genders are included in the report. |
| IEP Status | Yes | A dropdown of IEP statuses. If an option is selected for this criteria, then only children that have the selected IEP status are included in the report. If no IEP option is selected, then all IEP statuses are included in the report. |
| DLL Status | Yes | A dropdown of DLL statuses. If an option is selected for this criteria, then only children that have the selected DLL status are included in the report. If no DLL option is selected, then all DLL statuses are included in the report. |
