# BIR Program Summary Report Documentation

Pyramid Model Implementation Data System

BIR Program Summary Report

Note: When referring to active children, active means that the child has an enrollment date that is before the end date of the report. It also means that the child is either not discharged or was discharged after the start date of the report.

Table of Contents

A list of links to different sections of the report and the page number for each section.

Total # of BIRs: *The total number of BIRs that fall within the start and end date of the report.*

Total # of Enrolled Children: *The total number of children that are active between the start and end date of the report.*

Total # of Children with BIRs: *The total number of children that are active between the start and end date of the report and also have at least one BIR during that time.*

Summary Information by Month

These charts display the monthly number of BIRs and the monthly number of children with at least one BIR. Calculations can be seen in the Chart Information with Averages section below.
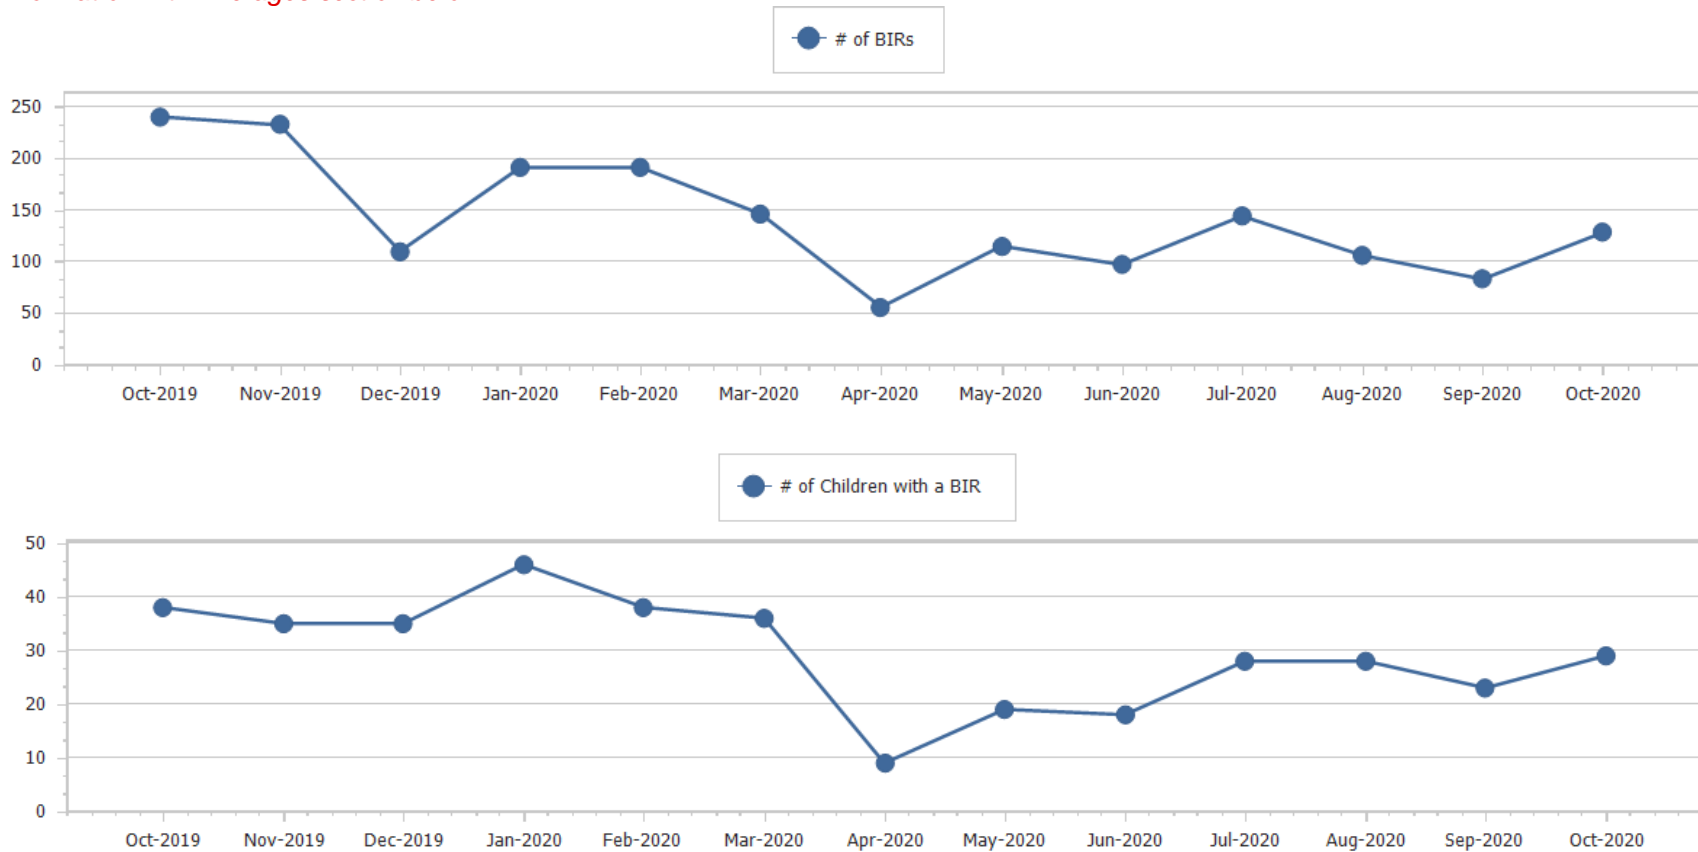

These charts display the monthly average number of BIRs and average number of BIRs per child with a BIR. Calculations can be seen in the Chart Information with Averages section below.
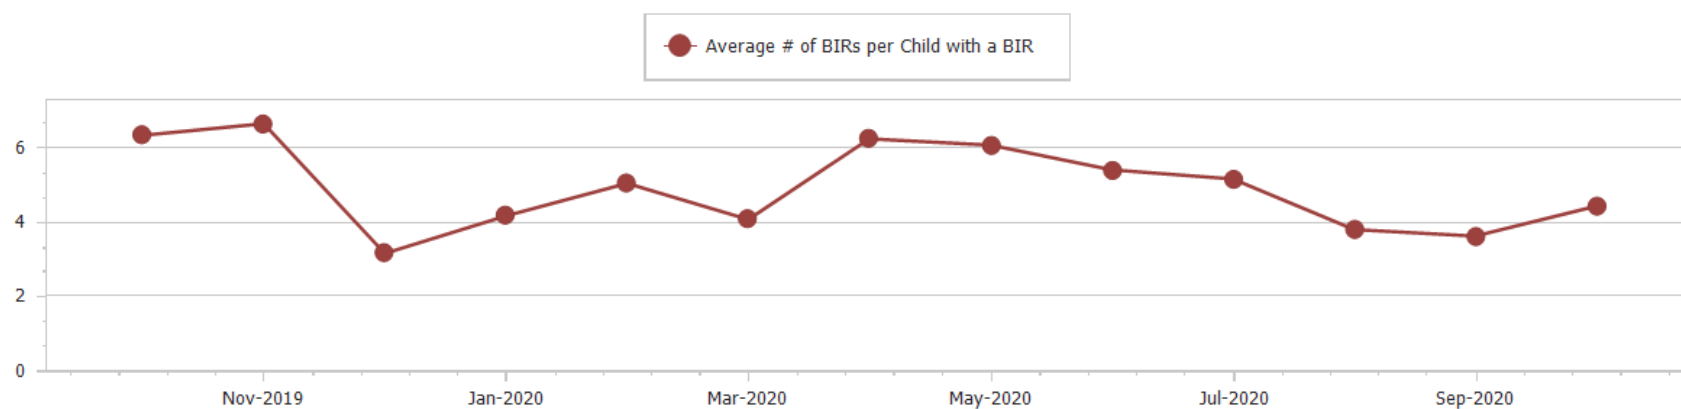

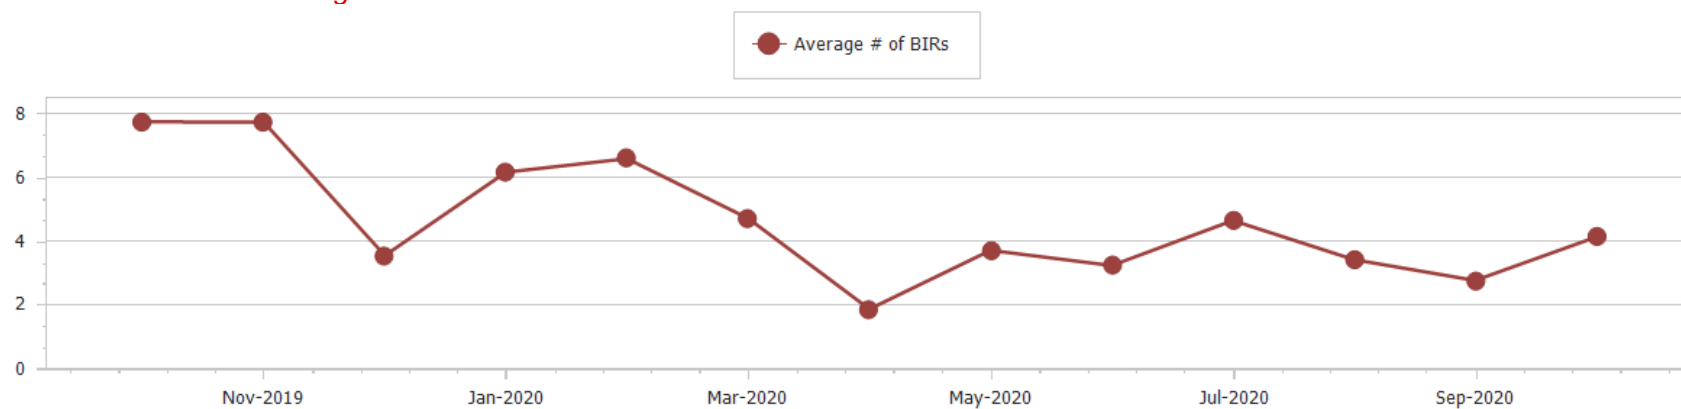

These charts display the monthly percentage of total BIRs and monthly percentage of children enrolled that have a BIR. Calculations can be seen in the Chart Information with Averages section below.

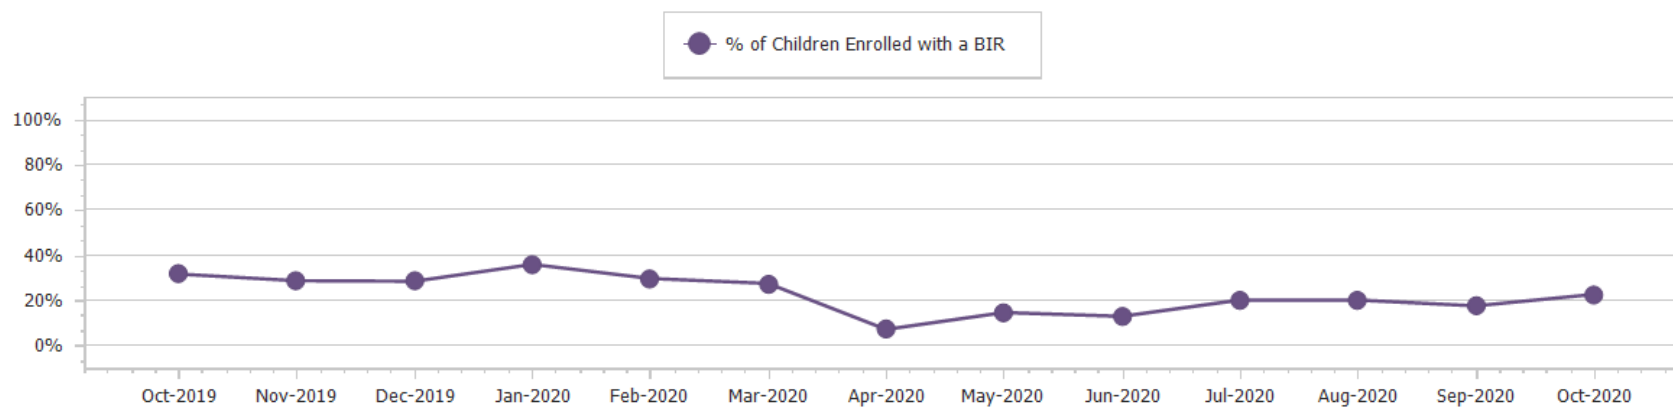

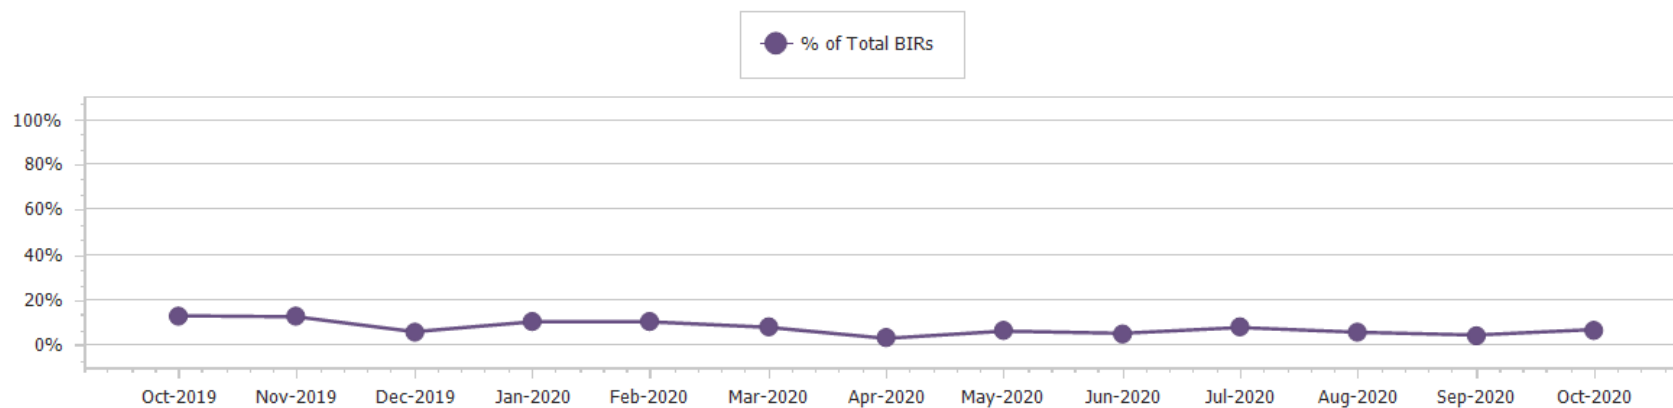

% of Total BIRs

% of Children Enrolled with a BIR

Chart Information with Averages

Month-Year	# of BIRs	% of Total BIRs	# of Children with BIRs	Average # of BIRs per Child with a BIR	% of Children Enrolled with a BIR	Average # of BIRs
The year and month.	*The total number of BIRs that occurred during this month.*	*The percentage of the total number of BIRs.* ***Calculation***: *[# of BIRs] / [Total # of BIRs]*	*The number of children that are enrolled during this month and also have at least one BIR during this month.*	*The average number of BIRs for each child that had a BIR during this month.* ***Calculation***: *[# of BIRs] / [The number of children active during the month]*	*The percent of children that are enrolled during this month that also have at least one BIR during this month.* ***Calculation***: *[# of Children with BIRs] / [The number of children active during the month]*	*The average number of BIRs that happened during this month.* ***Calculation***: *[# of BIRs] / [The number of days in the month]*
Average:	*The average of this column.* ***Calculation***: *[Sum of all the values in this column] / [The number of months included in the report]*	*The average of this column.* ***Calculation***: *[Sum of all the values in this column] / [The number of months included in the report]*	*The average of this column.* ***Calculation***: *[Sum of all the values in this column] / [The number of months included in the report]*	*The average of this column.* ***Calculation***: *[Sum of all the values in this column] / [The number of months included in the report]*	*The average of this column.* ***Calculation***: *[Sum of all the values in this column] / [The number of months included in the report]*	*The average of this column.* ***Calculation***: *[Sum of all the values in this column] / [The number of months included in the report]*

Children by BIR Count

This chart displays the number of children grouped by the number of BIRs that each child has. For example, if a child has 4 BIRs between the start and end date of the report, that child will be counted in the 2-5 section.
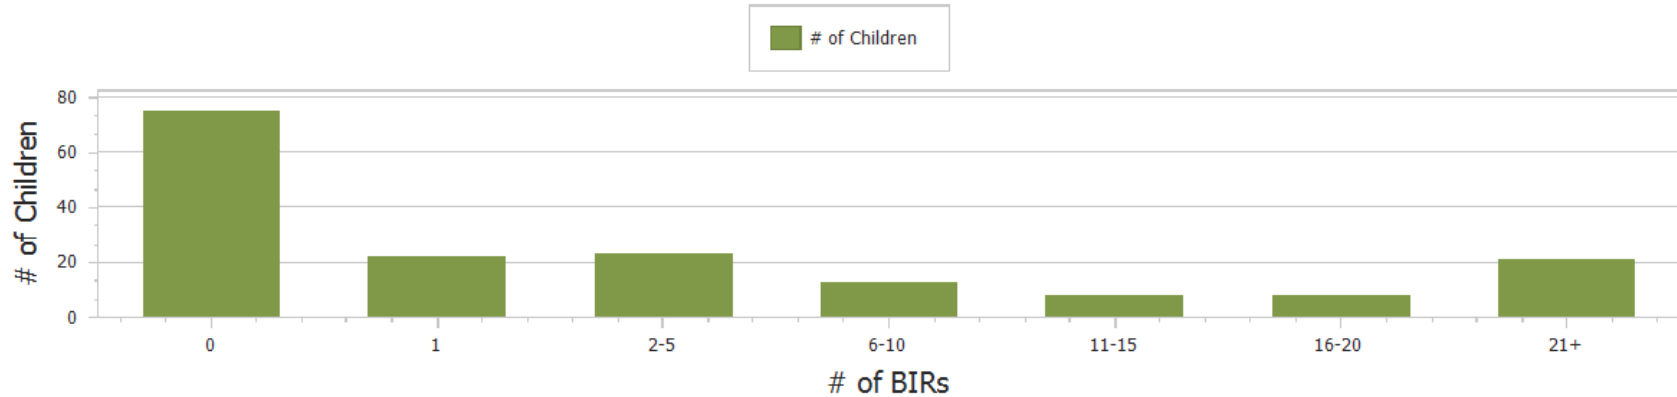

Percent of All Enrolled Children by BIR Count

This chart displays the percent of all children grouped by the number of BIRs that each child has. For example, if a child only has 1 BIR between the start and end date of the report, that child will be counted in the 1 section.
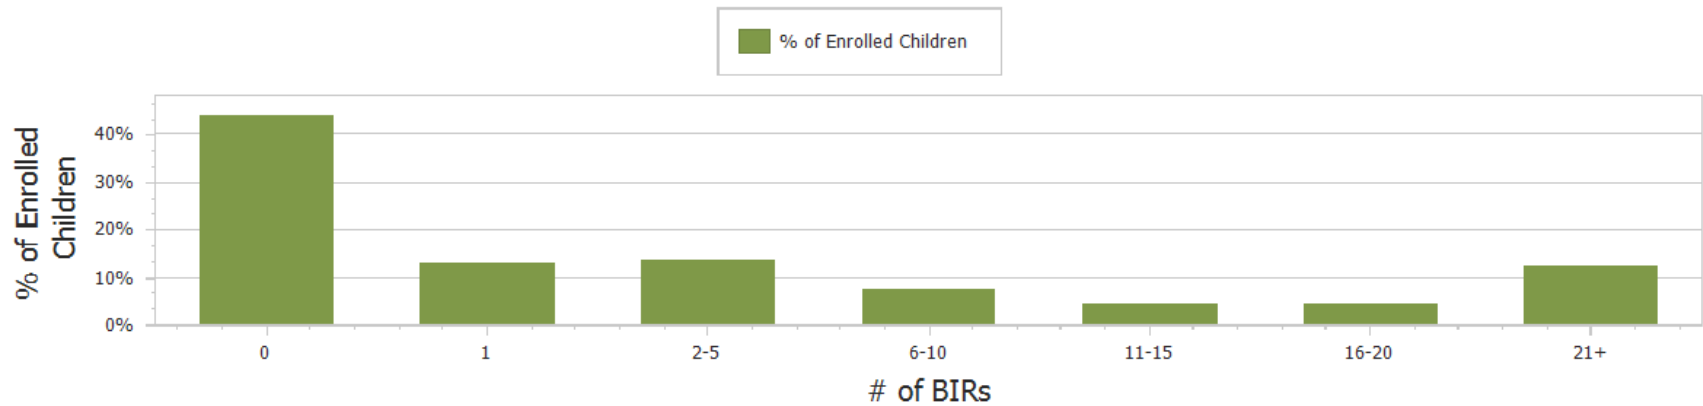

Chart Information with Averages

# of BIRs	# of Children	% of All Children
0	*The number of children that have zero BIRs that occurred between the start and end date of the report.*	*The percent of all enrolled children that have zero BIRs that occurred between the start and end date of the report.*
1	*The number of children that have one BIR that occurred between the start and end date of the report.*	*The percent of all enrolled children that have one BIR that occurred between the start and end date of the report.*
2-5	*The number of children that have between two and five BIRs that occurred between the start and end date of the report.*	*The percent of all enrolled children that have between two and five BIRs that occurred between the start and end date of the report.*
6-10	*The number of children that have between six and ten BIRs that occurred between the start and end date of the report.*	*The percent of all enrolled children that have between six and ten BIRs that occurred between the start and end date of the report.*
11-15	*The number of children that have between eleven and fifteen BIRs that occurred between the start and end date of the report.*	*The percent of all enrolled children that have between eleven and fifteen BIRs that occurred between the start and end date of the report.*
16-20	*The number of children that have between sixteen and twenty BIRs that occurred between the start and end date of the report.*	*The percent of all enrolled children that have between sixteen and twenty BIRs that occurred between the start and end date of the report.*
21+	*The number of children that have twenty-one or more BIRs that occurred between the start and end date of the report.*	*The percent of all enrolled children that have twenty-one or more BIRs that occurred between the start and end date of the report.*
Average:	*The average number of children in each # of BIRs category.* ***Calculation***: *[Sum of all values in the column] / 7 (the number of BIR categories)*	*The average percent of all children in each # of BIRs category.* ***Calculation***: *[Sum of all values in the column] / 7 (the number of BIR categories)*

Criteria Used for this Report

Generated: *The date and time that the report was generated.*

Intent: This report displays summary information for BIRs. This summary information includes totals, averages, and percentages for the BIRs. It also includes total, average, and percentage information for the children that have BIRs.

Criteria Name	Optional?	Description
Start Date	No	Only BIRs that occurred between the start date and the end date will be included in the report. This date is also used when determining which children are active. Children are active if they were enrolled before the end date and have not been discharged as of the start date.
End Date	No	Only BIRs that occurred between the start date and the end date will be included in the report. This date is also used when determining which children are active. Children are active if they were enrolled before the end date and have not been discharged as of the start date.
Program(s), Hub(s), and Cohort(s)	No	This filters both the BIRs and children included in the report. All programs, hubs, and cohorts that are selected will be combined into a distinct list of programs. This is accomplished by determining what programs exist in the selected hubs and cohorts, and then adding that list of programs to the list of specific programs that were selected by the user. After that, any duplicate programs in the combined list are removed. That de-duplicated list determines what BIRs and children are included in the report by requiring that children be enrolled in at least 1 of the programs and that BIRs be recorded by at least 1 of the programs. **NOTE:** Only certain users have access to the hub and cohort criteria. Most users will only have access to the program criteria and only have one option in that program list.
Race(s)	Yes	This filters both the BIRs and children included in the report. If any races are selected, then only BIRs for children of the specified races will be included. Also, only children of the specified races will be included in the report.

		If no races are selected, then this criteria will not exclude any BIRs or children.
Ethnicity(ies)	Yes	This filters both the BIRs and children included in the report. If any ethnicities are selected, then only BIRs for children of the specified ethnicities will be included. Also, only children of the specified ethnicities will be included in the report. If no ethnicities are selected, then this criteria will not exclude any BIRs or children.
Gender(s)	Yes	This filters both the BIRs and children included in the report. If any genders are selected, then only BIRs for children of the specified genders will be included. Also, only children of the specified genders will be included in the report. If no genders are selected, then this criteria will not exclude any BIRs or children.
IEP Status	Yes	This filters both the BIRs and children included in the report. If an IEP status is selected, then only BIRs for children that have the specified status will be included. Also, only children that have the specified status will be included in the report. If an IEP status is not selected, then this criteria will not exclude any BIRs or children.
DLL Status	Yes	This filters both the BIRs and children included in the report. If a DLL status is selected, then only BIRs for children that have the specified status will be included. Also, only children that have the specified status will be included in the report. If a DLL status is not selected, then this criteria will not exclude any BIRs or children.
Problem Behavior(s)	Yes	This filters only the BIRs included in the report. If any problem behaviors are selected, then only BIRs that have the specified problem behaviors will be included. If no problem behaviors are selected, then this criteria will not exclude any BIRs.
Activity(ies)	Yes	This filters only the BIRs included in the report. If any activities are selected, then only BIRs that have the specified activities will be included.

		If no activities are selected, then this criteria will not exclude any BIRs.
Others Involved	Yes	This filters only the BIRs included in the report. If any others involved are selected, then only BIRs that have the specified others involved will be included. If no others involved are selected, then this criteria will not exclude any BIRs or children.
Possible Motivation(s)	Yes	This filters only the BIRs included in the report. If any possible motivations are selected, then only BIRs that have the specified possible motivations will be included. If no possible motivations are selected, then this criteria will not exclude any BIRs.
Strategy Response(s)	Yes	This filters only the BIRs included in the report. If any strategy responses are selected, then only BIRs that have the specified strategy responses will be included. If no strategy responses are selected, then this criteria will not exclude any BIRs.
Admin Follow-up(s)	Yes	This filters only the BIRs included in the report. If any admin follow-ups are selected, then only BIRs that have the specified admin follow-ups will be included. If no admin follow-ups are selected, then this criteria will not exclude any BIRs.
